---

Danny

Did you make any progress with this request from SHEN?

Phil

Danny

I need to get into the weeds for our Acquisition Services Division (ASD). Would SHEN MILSOM WILK, Balfour Beatty, & Chris Ruschaupt have this detailed information?

As you probably know FERC has to go in a different direction from TALU, we have to move quickly to support our acquisitions folks.

Thanks for any help you can provide. You can reach me on my cell
